Maryland Boys State: If you are interested in Government, Politics, Leadership, attendance at Military Academy, College ROTC, or just a challenging Academic program this is the experience for you. MD Boys State is a week-long practical exercise in Government that will have a positive influence on your life. Application deadline is April 15, 2018. Click [here](#) for more information about applying or go directly to app.campdoc.com/register/marylandboys/participants to complete the application.

American Legion Auxiliary Maryland Girls State: June 17-22, 2018 * Salisbury University * Salisbury, Maryland 21801. ALA GIRLS STATE is a residential training program for high school girls, which is operated in all 50 states. The objective is to provide "hands on" training in the management of a democratic government at city, county and state levels. Topics such as the structure of the various levels of government, simulated legislation, twoparty politics and the duties of various government offices will be covered. The legislative program includes sessions with lobbyists. Speakers who hold offices at various levels of government throughout the state will address the group to explain their jobs and answer questions. The citizens will campaign for various offices and learn to vote electronically as part of the experience. They will also receive a preview of college life and meet peers from across the state. A Senior and Junior Senator will be elected to represent Maryland at Girls Nation where a similar program is conducted at the national level. ELIGIBLE young women must have completed their junior year of high school in the upper third of their class and must be a United States citizen or non-citizen attending school and residing in Maryland. Applicant does not have to be a junior member of the American Legion Auxiliary, but a junior member who does not live in Maryland may attend. RECRUITING is carried out with the help of school officials. In some schools an Awards Committee or Guidance Office may prescreen the candidates. However, the final decision is up to the sponsoring American Legion Auxiliary Unit.

Former Girls State citizens in the senior class will be useful in identifying likely candidates and "talking up" the program. A handout to briefly explain the program has been prepared for all prospects. It may also be helpful, to hold a recruiting meeting with the Unit representative, former Girls State citizens and prospective candidates. SELECTION is based on interest in government and the qualities of Leadership, Character, Honesty, Scholarship and Cooperativeness. While the girls selected should have strong academic credentials, an interest in government and politics and an aptitude for leadership are of great importance. FEE: Selection for the Girl State program is equivalent to a scholarship of \$290, which is borne by the sponsoring Unit. This includes tuition, books, room and board. A \$45 registration fee is to be paid by each young lady selected to attend Girls State; check to be made payable to the sponsoring Unit. Click here for [application](#). **Application deadline is March 10, 2018.**

The Yale Young Global Scholars Program (YYGS) is a summer academic enrichment and leadership program that brings together outstanding high school students from around the world for intensive two-week sessions on Yale's campus in New Haven and the Yale Center Beijing in China. YYGS offers six unique sessions in New Haven and one session in Beijing, China.

Participants attending a YYGS session in New Haven can expect an amazing summer experience studying in beautiful campus lecture halls and classrooms, living in Yale's historic residential colleges, eating in award-winning dining halls, meeting a talented community of fellow students, engaging with world-renowned professors, and interacting with extraordinary visiting practitioners.

Participants attending a YYGS session in Beijing, China will have the opportunity to experience Yale's world-renowned education while exploring one of the most culturally-vibrant and influential cities in the world. In addition to bringing some of Yale's most renowned professors to China, this session will take advantage of its location by inviting distinguished professionals with real-life experience to lecture on relevant, important issues. Students will also have the opportunity to visit significant cultural sites, such as the Great Wall and the Forbidden City. YYGS-Beijing is limited to 90 students, making an intimate atmosphere for students to learn and make connections with their instructors and peers. This is the third year YYGS is offering a session in China, but the first time it is doing so during the summer.

Yale Young Global Scholars is an official Yale University program.

NCAA Eligibility Center

Any student-athlete interested in playing at the Division 1 or 2 level must be cleared by the NCAA to participate. www.eligibilitycenter.org The student-athlete must log in using his/her NCAA ID or SSN and PIN. The Counseling office will be notified when a student registers and will send your transcript electronically to NCAA.

Net Price Calculator: The Net Price Calculator (NPC) is an online tool that provides estimates of college costs for prospective students, based on a set of inputs such as family income, size, and assets. THE NPC calculates estimated grant and scholarship aid and subtracts that total from the college's cost of attendance, resulting in an estimated net price. NPC then goes the next step and subtracts the student's estimated loans/financial aid to determine the estimated remaining cost.

For more information: <https://professionals.collegeboard.org/higher-ed/financial-aid/netprice>

New Website for College-bound Students with Disabilities: A new website - <http://www.going-to-college.org> has been developed to help high school students learn about living college life with a disability. The site provides video clips, activities, and resources that can help students get a head start in planning for college. Video interviews with college students with disabilities offer a way to hear first-hand from students with disabilities who have been successful. Modules include activities that will help students explore more about themselves, learn what to expect from college, and equip them with important considerations and tasks to complete when planning for college.

Selective Service: A reminder that under federal law, virtually all men must register with Selective Service within 30 days of their 18th birthday. Students can register on-line at www.sss.gov

Work Permits: There are new directions for minors (ages 14-17) wishing to get a work permit.

1) Complete the on-line application:

<https://www.dllr.state.md.us/ChildWorkPermit/web/content/Home.aspx>

2) Print the work permit. 3) Get the work permit signed by the minor (student), parent or legal guardian and employer (work permits are only valid when signed by all parties) During the 2014 session, the Maryland General Assembly passed House Bill 467 that modified the requirements that must be met before a minor work permit can be issued. The change requires the Minor's parent or guardian to certify that the age on the minor work permit is correct rather than producing proof of age to an issuing officer. This change allows the Department of Labor, Licensing and Regulation to grant applicants the ability to download and print a work permit directly from the application website. The new system began July 29. Minors are no longer required to obtain their work permit from an issuing officer.

Janice M. Scott Memorial Scholarship Fund

The establishment of the Janice M. Scott Memorial Scholarship Fund occurred in October 2001. This scholarship

fund is named in honor of Janice Marie Scott. Why was this scholarship fund established? To recognize her involvement with various youth programs and community service activities within the Greater Metropolitan Area of Washington, DC. Janice was one of 125 individuals that perished in the Pentagon on September 11, 2001 when terrorists hijacked and crashed American Airlines Flight 77 into the building of the Pentagon. She was the daughter of Geraldine Holmes of Milwaukee, Wisconsin.

Janice was born in Memphis, Tennessee on October 12, 1954. Shortly after her birth, Janice moved with her family from Memphis to Milwaukee. She attended public school in Milwaukee until her mid-teen years. During the late 1960's, she and most of her family moved to Colorado Springs, Colorado where one of her older sisters was assigned as a soldier to Fort Carson near the city of Colorado Springs. She graduated in 1972 from Harrison High School. Her sister was reassigned to a military installation in West Germany soon after she graduated from high school. Janice then took on the task of caring for her younger sister and the daughter of the sister who went to West Germany. She assumed this task in conjunction with taking classes at a business college and working on Fort Carson.

In 1975, Janice met 2nd Lieutenant Abraham Scott. He was assigned to the Finance Office on Fort Carson. After a brief engagement, Abraham and Janice traveled to his hometown of Beaufort, South Carolina and they were married by his father. They were blessed with two daughters, Crystal Marie and Angel Marie. In 1988, Janice earned a Bachelor of Science Degree in Business Administration from the adult school of the University of Maryland in College Park, Maryland. She was a member of five organizations: Blacks-In-Government; Burke/Fairfax Chapter of Jack and Jill of America, Incorporated; American Society of Military Comptrollers; the Association of Government Accountants; and the 5-Star Toastmasters Club. She was also a member of Greater Little Zion Baptist Church in Fairfax, Virginia. Click [here](#) for application. **Deadline to apply is March 31, 2018.**

The Northrop Grumman Scholars program

Northrop Grumman Mission Systems, headquartered in Linthicum, Maryland, has established a highly competitive scholarship competition for Maryland high school students pursuing a degree in engineering at an institution of higher learning.

The Northrop Grumman Scholars program will award an \$8,000 scholarship over the course of four years (\$2,000 per year with ongoing eligibility requirements) to one graduating high school student in each Maryland County and Baltimore City.

Attached is the brochure to distribute in your county. Please have your high school guidance department distribute the brochures and publicize this opportunity to qualifying students. Also, please advise if there are any internal communications or newsletter contacts to increase visibility of this opportunity for students. The application may be obtained online at <http://www.northropgrumman.com/CorporateResponsibility/Community/Pages/engineeringscholars.aspx>. **The deadline for scholarship applications is February 4th, 2018.**

Please contact Paul Rivers, Engineering Scholarship Program Manager at 410-765-1268 or email: Scholars@ngc.com, if there are any questions.

Scholarships Available for College Test Preparation: High school students who are juniors or seniors can receive financial assistance to participate in classes that prepare them for college admission testing, such as the SAT or ACT. Up to \$1000 is available through June 30. This opportunity is made possible through The Bob and Pat Gehrke Scholarship Fund for College Prep, one of more than 679 component funds managed by The Community Foundation of Frederick County.
