

Create Your Own Sumerian City-State

Directions: Draw and label a diagram of a Sumerian city-state. Be Creative!! Your diagram must include the following:

- A river
- The location of the crops
- The design and location of an irrigation system
- The design and location of features to defend against attacks
- At least three people doing three different jobs

Please color your diagrams!

(Use page 39 of text to help you with your diagram)
