

EDICTS BILLBOARDS

Directions: You and your partner are going to be responsible for creating a Billboard that will display the four main edicts that were introduced by King Ashoka. Remember, the purpose for Billboards are to display important information and advertise certain things. Your billboard is going to need to be creative, colorful, and neat so you can attract the attention of your peers.

1. Each partner is going to be responsible for creating 2 of the billboard posters.
2. You must have a billboard poster for the following edicts: Buddhist Values, General Welfare, Justice, and Security.
3. Your billboard designs must explain one of the specific edicts you examined yesterday.
4. When you are finished with your posters, bring them back to Ms. Roelke to check your work. If she is satisfied with your work, you can begin creating the billboard!
