

Technology Repairs & Replacements

Welcome to the FCPS 2021-2022 School year!

Frederick County Public Schools (FCPS) will provide students needing a device at our schools with one. Secondary students will receive a Chromebook and accessories to use at school and at home. Elementary students will leave their FCPS provided devices at school at the end of each day. The use of technology in education is a tool to enhance the learning experience.

We require that the student and the parent/guardian sign an Electronic Device Usage Agreement. For secondary students needing an FCPS provided Chromebook, the device and its accessories will be issued to the student only after the signed agreement is received at the school.

For the 2021-2022 School Year, FCPS will not charge a Technology Fee for student use of an FCPS issued Chromebook. Breakages will incur financial obligations in accordance with FCPS regulations 400-75 and 500-32. If repair for a damaged device incurs a charge, a financial obligation will be issued. The following repair cost structure applies to incidents that occur within a given school year. These same charges will also apply to elementary students who willfully damage a device.
