

Displaying the VPN Exit Door

To log out of eSchool or TAC, you must click on the door. If the door is missing, follow the directions below, click on the door to exit.

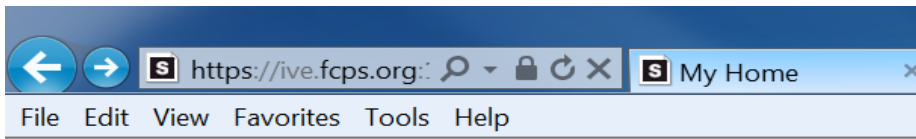

- Take your mouse and put your pointer anywhere above your address lines and right click. You should see a menu pop up, make sure you have Menu Bar checked.

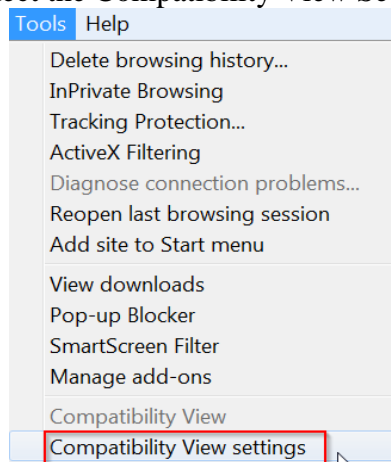

↓ Point your mouse anywhere in this area above your address line. Right click here.

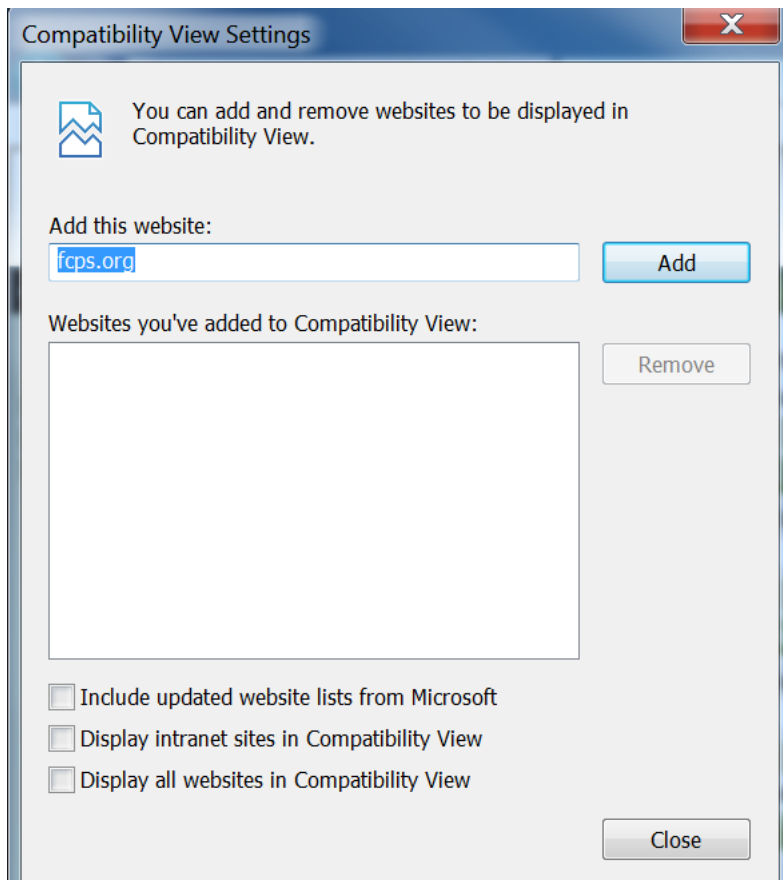

- Once the menu bar is checked, the following menu bar will be available to you

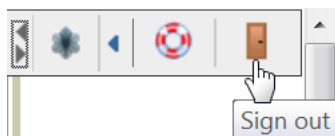

- Select Tools from this menu.
- Select the Compatibility View Settings.

- Update your screen to look like the print screen below. Specifically, if there is a check in the box titled “Display intranet sites in Compatibility View, UNCHECK that box as shown below. Also, if in the large white box in the center of the print screen below, you see an fcps.org listed, REMOVE that listing so the white box is empty like the one shown below.

*No information in the large white box & no checks on the options below that box and CLOSE.

Now you should be able to use your IVE.FCPS.ORG log in the access TAC and you should be able to successfully log out of that session by clicking on the door titled Sign Out and then log into eSchoolPlus+, the administrative side of the software where you can run transcripts and reports, etc.
